Self Guided Walking Tour Map and Brief Descriptions

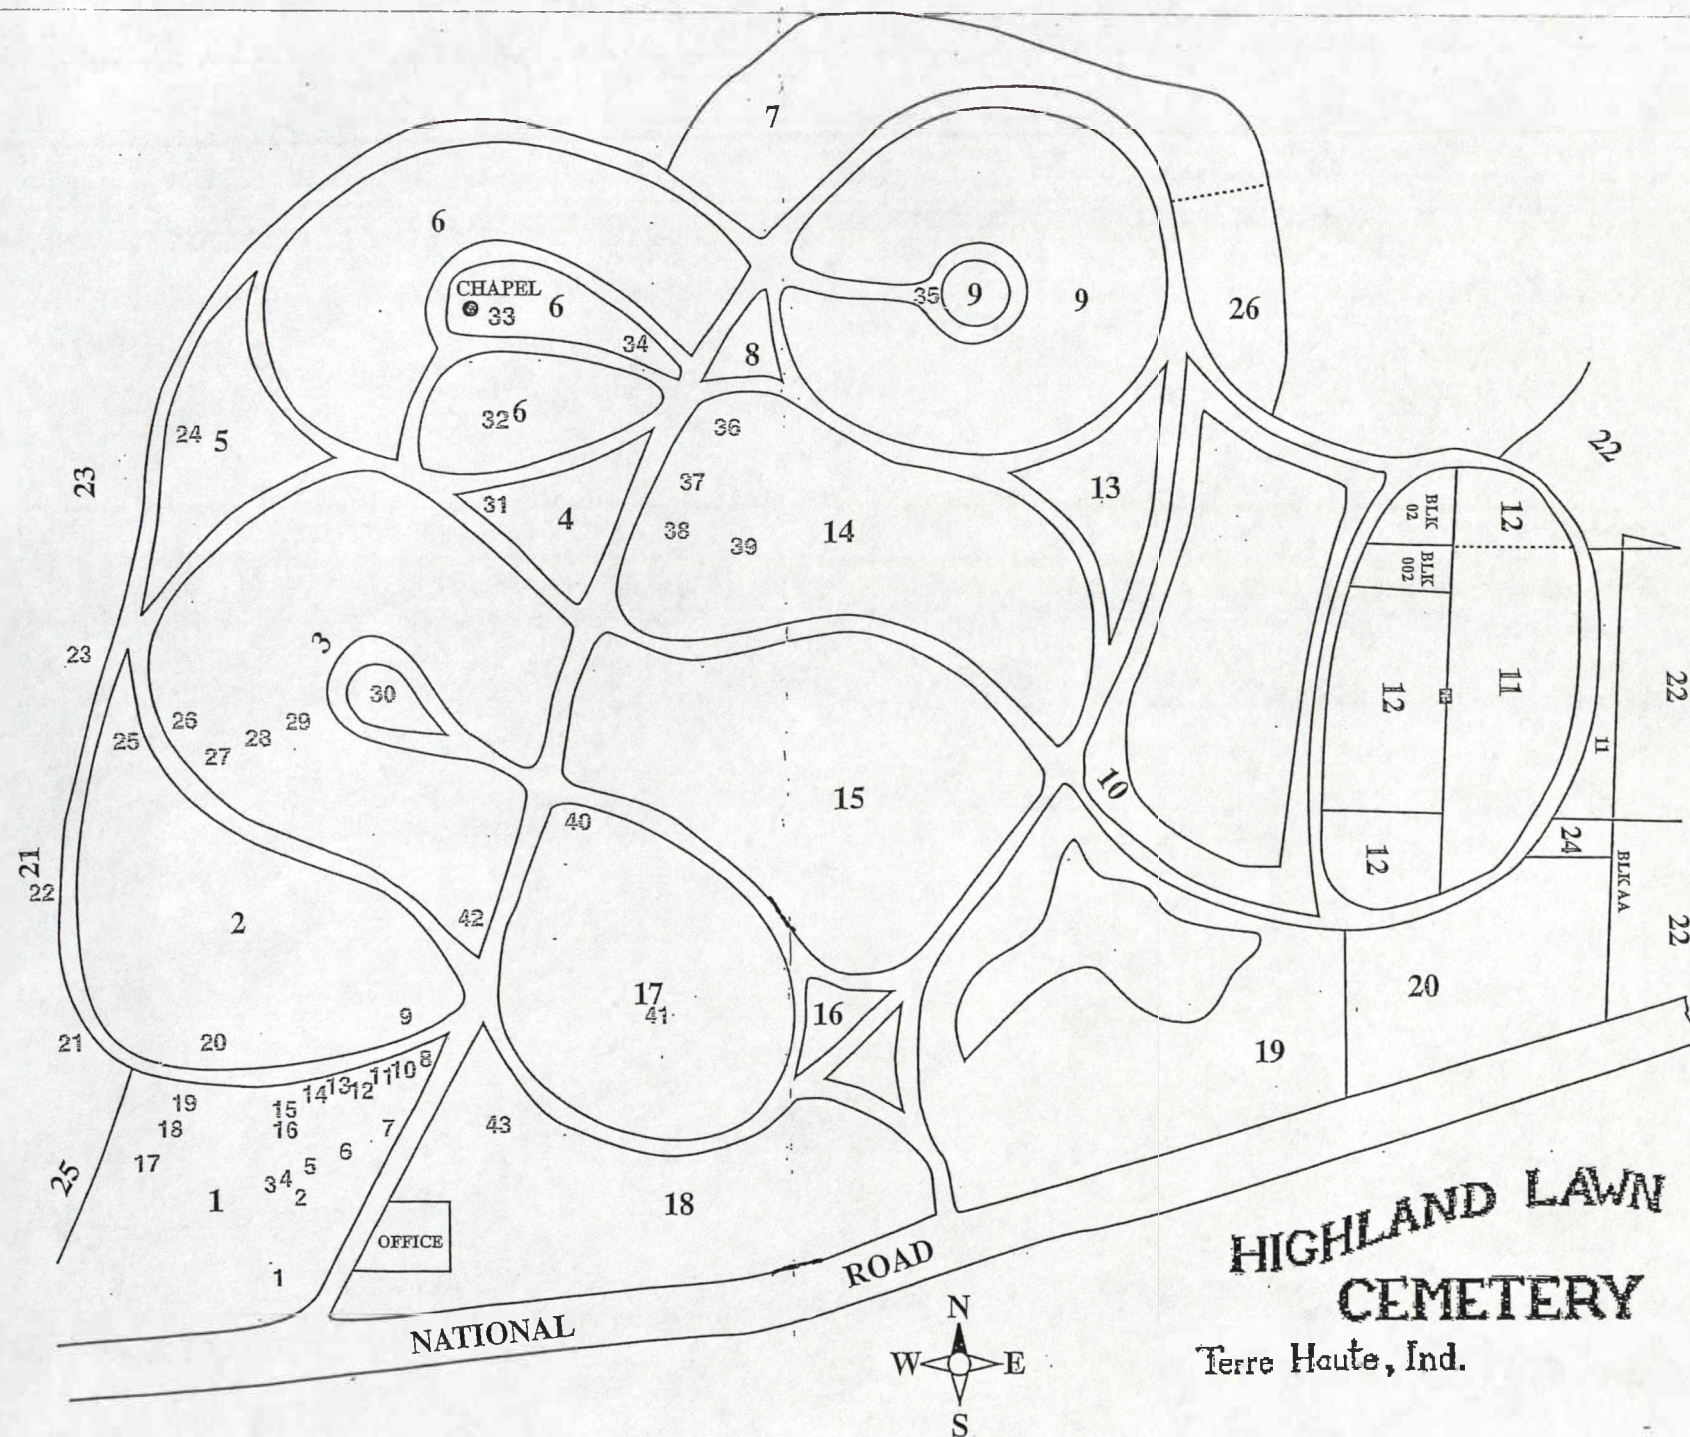

This tour can last from one to two hours or more, depending on your walking speed, interest in the various locations listed, and how much time you spend enjoying our beautiful cemetery. Highland Lawn was placed on the National Register of Historic Place in 1990.

The Bell Tower was the original office, and was completed in 1894, and renovated 1989-1991. Our current office was built in 1909 as a waiting station for the Interurban trolley system, and became the office after the Interurban stopped running in 1939. Below is the Chapel in Highland Lawn, also built in 1894.
